

# Character profile

Place your character's name in the center of the graphic organizer. On the top line of each section of the organizer list an essential human attribute/personality trait your character possesses. In the space below each attribute, provide pieces of evidence from the text that support the attributes you have chosen.

The graphic organizer consists of a central scroll with a character's name written on it. Six lines radiate from the scroll to six rounded rectangular boxes arranged in a circle. Each box has a horizontal line at the top for an attribute and a larger space below for evidence. In the bottom right corner, there is an illustration of a quill pen and an inkwell.
